

# CONFIDENCE

## What is MOST Important to Customers?

Before they SPEND, or consider PRICE, QUALITY or SERVICE, their primary concern is to feel **SAFE and SECURE** entering ANY business, especially at NIGHT. So you have to ask, "how is your visibility?" Inside, outside, parking lot, walkways, alleys, front entrance and back door? How about hallways, showrooms, warehouse, rest rooms, sales floor, storage areas or whatever you got?

If you want MORE customers, increased sales and higher profit, you may want to light it up. Show them the way to your products and services. Introduce them to visibility, safety, security and confidence.

You can do that with High Quality LED lights! they'll not only improve your look and feel, last a very long time and end up costing you nothing, but you'll also be doing a very nice thing for the planet.

## We can HELP your Bottom Line!

EAG-LED is always on the cutting edge! We provide only the finest LED products, installation, financing and customer support in the business, while constantly evaluating and integrating emerging technology.

Besides the finest no yellow, flicker free, 50,000 hour cool running fixtures, we provide quick professional installation, along with energy rebates and no payments for 90 days, so you can experience the savings before laying out any cash. Potential 100% ROI in as little as 6-12 months, and lifetime energy savings of up to 15 times your original investment.

EAG-LED - no retrofits, no recalls and no problems, along with the insight and expertise that comes from more than 50 years of combined LED experience, plus strict attention to detail, and a desire to be your LED solution.
