

One is such a lonely number

We do so much **MORE** than just Manufacture LEDs!

EAG-LED is, in fact, one of America's TOP commercial LED manufacturers, but please don't be fooled. We are NOT a ONE TRICK PONY

We have over 850 LED fixtures and lighting products available! We also deliver, install, finance and support all of our products. We offer the most advanced flicker free LED technology available with 50,000 hour longevity, no yellow Acrylic PMMA, no retrofits, and pizza.

Well . . . Maybe not pizza, but our 50 plus years of combined LED experience is just as tempting. Besides very competitive direct from the manufacturer pricing, we offer **\$0 upfront financing** so you can experience the savings before payments begin. Enjoy potential 100% ROI in as little as 6 months, and lifetime savings of up to 15 times your investment. Add energy rebates, utility savings, personalized customer service and a stellar 15 plus year track record, and you can't lose. We want to help you save money, and the Planet with all the LED products and services you need. But no pizza.

Better Lights for a Better World
